Vichy Brings On Trials Of Ministers Of Former Government

VICHY, France, Oct. 18.—(AP)—The French government today brought formal charges today against former Premier Leon Blum, former Premier Paul Reynold, and Georges Mandel, minister of the interior, in the "war guilt trial at Rome."

Blum was charged with having betrayed his duties while premier, Reynold with embezzlement of public funds, and Mandel with attacking the security of the state and speculation in national currency.

Others charged, like Blum, with betraying their duties were Pierre-Eugene Dailard, former Air Minister, Pierre Cot and Guy La Chambre and Gen. Max-Gustave Gamelin, former commander in chief.

**MAY ENTER PRISON**  
All three of these charged today, in addition to Dailard and Gamelin, have been confined in "administrative internment" at Chateau Chateau. Whether they will be transferred to Buisson-Mantel, an aside on a prison for those facing definite charges, has not been decided.

The date for the opening of the trial is still unspecified, but the government committee which announced the charges said investigations are continuing.

# SOLDIER GIVEN LESSON IN ART OF CAMOUFLAGE

OTTAWA, Oct. 18.—(CP)—Twenty men in the Canadian army now get a certain amount of training in the art of camouflage. Whether they are members of the elite or in the world-at-large.

The Canadian army trains its men without outside assistance. Many soldiers, an authority said Friday, become remarkably proficient in using what means are at hand to hide themselves and their equipment from ground and air observation.

Informal competition between amateur designers experimenting with the painting of tanks and vehicles stimulates interest. Pictures taken of machines and men are being camouflaged with sticks, grass, and other natural materials.

The camouflage works against two types of observation, ground and air, and in both cases one of the basic principles is to destroy the appearance of a solid line.

In the case of ground observation, the camouflage is designed to make what he wishes to conceal look like its surroundings.

# GREECE READY FOR HOSTILE MOVE BY AXIS

Russia Said To Have 300,000 Men On Bessarabian Border

ATHENS, Oct. 18.—(AP)—Greece yesterday reported that it was ready for a hostile move by the Axis powers. The report was made in a dispatch from Athens to London.

A new telephone line from Salonika to Istanbul has been completed as far as the Turkish frontier and is now being used for communication.

**RUSSIA READY**  
Balkan military observers reported that in answer to German reports of movements in Rumania, Russia had sent many divisions to the Bessarabian border.

It was pointed out, however, that such an action would not necessarily lead to a general attack. Russian troops were reported to be in readiness for such an eventuality.

**LINE OF DEFENSE IN BUFFALO**

BUFFALO, Oct. 19. — Curtiss-Wright Corporation of Buffalo, are turning out seven planes a day in a plant which has probably mastered the problems of mass production as well as any in the country

The entire production at this moment is for Britain. Only one model is being produced, in conformity with the principle of quantity production. It is the famous R.P. 40.

and the fuselage—airfoil-shaped body, engine and everything except the guns, gas and oil—in the cockpit. Each plane has to be assembled and taken apart in one day after arrival. These planes have a speed of 360 miles an hour, are noted for their manoeuvrability and are strong enough, as the chief engineer explained to this non-technical-minded columnist, to support eight elephants.

later he corrected himself and said they could support nine elephants.

While this model is being prepared for immediate delivery to Britain—included in which are unique features that will be covered by the Brillat—the plant's designers are making slight changes to it. It is being requested by the United States Army. This model will take another two months to perfect and will then be put into production, in a place where the model, without any interruption in rate of production. Indeed, the plant is being built in the United States.

will be speedier and will have other unspecified improvements.

Here there is no belt, but it is possible to follow the production of a single part, such as a piston, through the punching process to the final crating job for export, on a series of benches to which the planes are transferred by truck, one step of the production being completed

Curiously, Wright acknowledges having learned from the alpine look, but not from whom they have consulted closely.

The bell appears to be adaptable to the present stage of fashion production because it is necessary to make more careful tests, it is not a matter of time, but of money to work, and much piecing has to be done in a fixed jig, impossible on a

As a result of reaction arose. Without a doubt, a Gloucester fish was used as a model. New York and the United States protested; there were negotiations and eventually the compromise, pure and simple, the British received from their stand for the fish was a compromise. The fish looked what they could get, the right to fish and to use Canadian ports for the fish. The compromise was a matter of fact; there were actual difficulties over the fisheries right over the fish. The fisheries were over the fish in 1854 and 1871, and

The problems of a plant like Curtiss-Wright relate chiefly to personnel—skilled labor—and the procurement of materials. Basic materials—aluminum alloy sheet stock, forgings of aluminum and steel—require a substantial lead-time and, if they have in so many other instances before and since, that conference and conciliation can achieve better results than blusters and threats. The good neighbor policy was working long before Franklin Roosevelt made it an international phrase.

BERT NIGHTINGALE, Jr.

## Youth Parade

By BERT NIGHTINGALE, Jr.

APPARENTLY there is one group of kids here in town who disagree with some of the statements we made last week regarding the preference for each other of modern youth. We're in receipt of a letter from the "Radio Junior" Club of Victoria high school which reads: "Who says the high school kids are rich and tired of the string, handsome type who dances like a dream and evens in spirit?" "I know the kids ignored the crack we made about the fellow who throws his duck money around like water. The Mickey Rooney type is definitely out with our group."

"Don't give us a man who thinks he is ten years older than he is. He has the idea that everyone is a cry-baby about him. That's Andy Hardy. Of course we don't want anyone who knows his good and talks about it. If there's any pet even in the last year, when there are girls around, even if there was no one there but himself and who takes no interest in the opposite sex. There are some people who think that they are the kind that girls go for, but let me tell you, we eventually get tired of them and go for easier prey."

WELL, that last part sounds a bit bloodthirsty but that's the modern set for you. Apparently it looks like being another case of "every man to his own opinion" and every girl to her own taste. Or something like that.

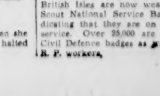

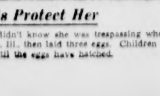

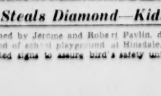

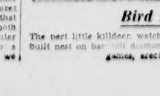

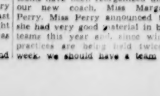

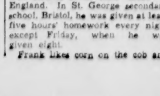

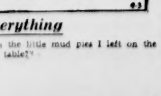

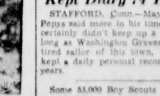

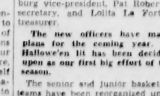

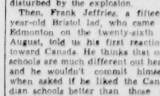

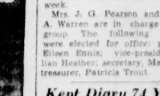

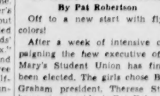

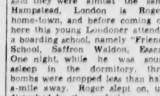

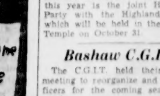

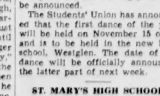

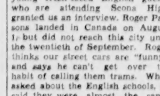

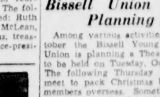

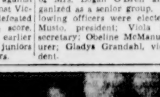

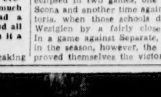

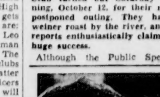

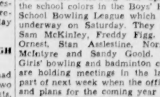

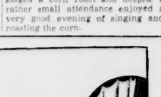

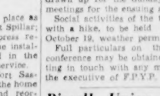

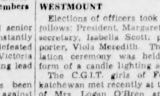

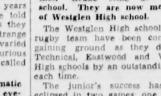

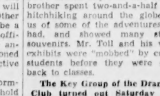

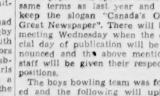

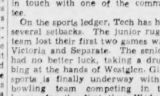

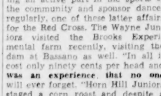

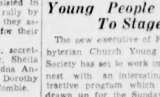

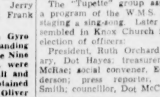

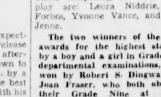

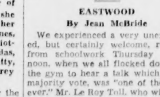

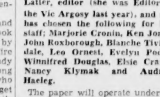

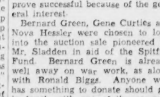

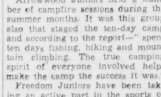

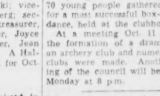

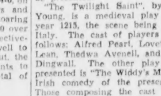

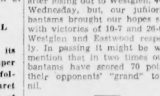

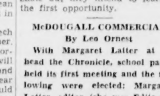

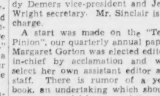

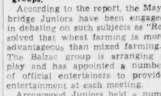

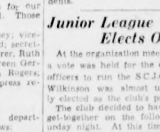

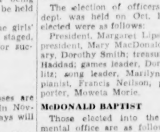

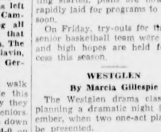

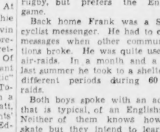

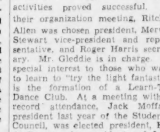

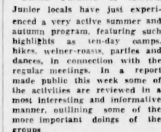

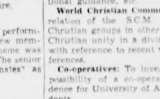

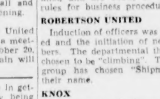

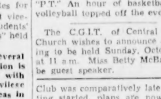

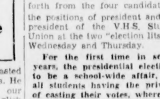

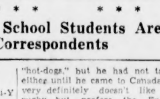

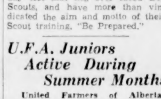

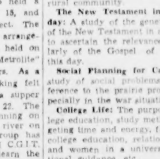

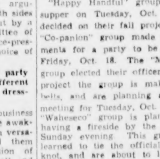

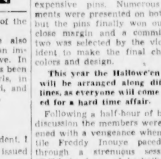

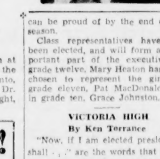

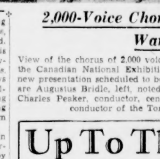

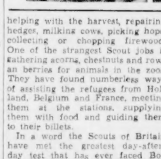

AND now to change the subject. There's a card in town, maybe you've met him. We had occasion to hear about him last week when talking to a young lady who gave to the paper on said card. Apparently this fellow has a distorted sense of humor and it's his idea of a well time to ring a number, ask for the young lady he's calling and then make a lot of ungentlemanly statements to the fair one that invariably end with the receiver hanging up down on the hook, and an otherwise nice evening spoiled.

PERHAPS the mysterious caller is a fellow who has to get off steam in this manner, or perhaps it's somebody with a mental quirk. But whoever it is, should be used to every telephone he uses with the directory for desert. At any rate you'd probably agree with us that whoever is doing the dirty would be caught up with and "banded" as only an angry young Canadian can "band" what you say.

## BOY SCOUTS HELP IN WAR-TIME BRITAIN

THE effectiveness of Boy Scout training for emergency public service is impressively illustrated by a recent summary of 125 different types of wartime good deeds found by the Scouts of Great Britain. The list includes general assistance in A. R. P. work, polling air raid shelters, filling post bags, acting as blackout guides to the aged, infirm, mothers, children and new arrivals in some places they are relieving telephone operators. In the Thames River Emergency service they are stretcher-bearers, hospital messengers, collectors of new arrivals, etc. They serve in hospitals, make up the ambulance corps, etc. They assist the police in their control order work as special constables. In the task of evacuating children they are invaluable. Their tireless feet running hither and thither doing a host of things, from acting as escorts to clearing out empty houses to be used as billets.

They are indefatigable for air raid planning posts and balloon barrage units. They are most alert coast watchers. On the farms they are

## Looking Them Over

By Jack Kelly

Playoff Puzzle

No Chances

Today's Forecast

LAST night the provincial playoffs looked through the light drizzle that fell at Clarke Stadium as the South Side Spitfires ripped through the E.A.C. for a 24-5 victory that put them in the lead of the City Junior Football League.

Officials of the league are anxious to start the home and home title series with the Calgary champions by October 26 in order to get the Edmonton game played before the snow that generally starts falling down here during the first week in November, but there seems to be every prospect of the Maple Leafs and South Side finishing their scheduled games in a tie for first place.

Here is the standing of the league today:

	W	L	P	A	Pts.
South Side Spitfires	2	2	0	4	4
Maple Leafs	2	2	0	4	4
Varsity Golden Bears	2	0	3	7	4
Edmonton Athletic Club	0	4	23	26	0

Since the Varsity team is over the junior age limit and not interested in the playoffs, it will not be necessary to complete all games with them before the league names the club to enter the Alberta final.

Officials are baying with the suggestion of playing a sudden death game to decide who enters the provincial title series if the Maple Leafs and South Side are tied after the game scheduled for Oct. 22. It is apparent that these two outfits are not scheduled to meet again in a league tilt.

It strikes me that such a sudden death game is hardly necessary and that it certainly would weaken the Edmonton team advancing against Calgary. The boys have already played a lot of hard football in a few short weeks and a hammer-and-sledge affair for the city title is almost certain to leave serious injuries, especially since it will be to be played only a couple of days before the Alberta final starts.

Why can't the Edmonton tilt be decided by the ratio between points scored for and against? There can be no finer index of the team's power than this.

Furthermore, there seems no reason why the games played by the Leafs and Spitfires against Varsity should not be counted in this scoring comparison. If all games involving Varsity are cancelled out of the comparison, it makes the situation of the league a little more complex. Furthermore, it just rubs the other clubs of all credit for the hard battles they have waged against the Bears.

Deciding a champion to advance against the Calgary contenders in this way will be fair and will insure our club starting its provincial title quest in the best possible condition.

## Today Should Settle Football Playoff

WHEN the dust of Mowat Stadium at Calgary has settled after the afternoon game between the Calgary Brinks and Regina Roughriders, the west should know what club will meet for the western Canadian title.

Regina must win this game to keep its mathematical hope of equating Calgary from the playoff—but I can't see them doing it. The Saskatchewan squad is confident as a result of that slugging they handed the Brinks on Regina, but that doesn't assay too very impressively. The Brinks had a leading game in Winnipeg on the preceding Saturday and in addition were weary from the long trip.

There is no doubt though but what Regina will make a gallant and brilliant bid today to carve out a victory. Coach Gifford will have his players themselves heaped up to peak performance. The result is likely to be a classic—with the Brinks just squeaking out a win.

There is still a crucial battle being fought out at Calgary, the U. of A. Golden Bears and the Maple Leafs will be playing the most interesting game to date in the Edmonton Junior League at the Varsity Stadium. The Leafs' scoring record points them out as the club most likely to be the powerful Bears' next day defeat—and maybe you think that Coach Steve Olander and Tommy Hazy of the Leafs wouldn't love to beat their old enemy of Eskimo days, Coach Bob Frit of the green and gold.

## Reardon Headed for Spotlight in Big Time

By Robert Clarke

ST. HYACINTHE, Que., Oct. 19 (CP)—The glory and gold that awaits a star of the first magnitude in the National Hockey league is to be the lot of 19-year-old Ken Reardon of Edmonton, if the men around Montreal Canadiens' training camp prove right in their predictions.

From the opinion of the players, to Coach Dick Irvin, seems to be the unanimous opinion that the big-hearted youngster who played last season with Edmonton Athletic Club Juniors, can't miss becoming a great defenseman. And it definitely is something that Reardon himself seems to have in mind.

"Ever since I have been playing hockey, I've wanted to get into the big leagues," Reardon said last night while talking things over with his friends. "I think that the biggest thing I would get to be to play in a big game at Toronto and meet a lot of people."

# South Side Defeat E.A.C. 24-5 To Take Junior Lead

Only one contract keeps Terry head of giants.

NEW YORK, Oct. 19—Oscar Vitt of Cleveland was the only casualty among major league managers in 1940, but it is said that only a two-year contract at \$42,000 kept William Harold Terry at the helm of the New York Giants.

Playing Bill Terry would be expensive, as the old first baseman and Horace Slinebaugh are outwardly playfully angry, but those close to the situation know that the young president of the club no longer regards the manager of the Giants as a miracle man.

Terry and Slinebaugh disagreed repeatedly during the disastrous season just closed. The first time 1932 that the outfit was finished as low as sixth.

Only to the Brooklyn and Cincinnati clubs, the home attendance, 86,617, surpassed last year's. The Giants are no longer at the attraction of old on the road, however, this year's total at foreign parks, 50,412, being below that of 1939.

THAT UNPOPULAR  
What upset Slinebaugh and Lee J. Frazier, the vice president and treasurer and the executor of the Slinebaugh estate, is that the great third baseman, the Dodgers, like the Yankees, having stepped far out in front of them.

During the 1940 campaign, Terry, the vice president and treasurer, with the populace, "I heard the boy."

And what makes matters worse is that the Giants can't put much of the old crowd in the stands. Terry, who is said to be all right, and who speaks of buying right and left, he has no right to be in the front of them.

The entire job of keeping the Giants in the thick of things has been left to Terry since he was named manager. The total of 1940 Farm clubs were established, but the Terry system of leading players, who were working hard all winter.

On top of that, Terry has paid large sums for players who have not lived up to the hype. He has paid \$100,000 for the Giants to play in the World Series.

Instead of buying players last winter, Slinebaugh and Co. put the money in the bank. The new version didn't work out well at the Polo Grounds last year because of bad breaks in the weather.

Now the Giants have to look to Brooklyn, Cincinnati and other attractive clubs to keep their home attendance up.

Stars dug up by the late John McGraw were not out and Bill Terry, the Giants' president, was not out and the Giants were not out.

Vitt is out in Cleveland because he looked lost and confused in a grand reunion of the High School. Terry, the Giants' president, was not out and the Giants were not out.

With the narrow, but well earned victory, went the 1940 championship and the title to oppose Edmonton in the Provincial playoffs.

Stampermen are going into the hard way, as they were forced to come from behind in the last three games, after losing the first two.

Thornades assumed a five point lead in the final game, but in a 10-minute looking for his "last ball" to win a point found it in the cup.

Terry, who is said to be

all right, and who speaks

of buying right and left,

he has no right to be in

the front of them.

The entire job of keeping

the Giants in the thick

of things has been left

to Terry since he was

named manager. The total

of 1940 Farm clubs were

established, but the Terry

system of leading players,

who were working hard

all winter.

On top of that, Terry has

paid large sums for players

who have not lived up to

the hype. He has paid

\$100,000 for the Giants to

play in the World Series.

Instead of buying players

last winter, Slinebaugh

and Co. put the money in

the bank. The new version

didn't work out well at

the Polo Grounds last

year because of bad breaks

in the weather.

Now the Giants have to

look to Brooklyn, Cincinnati

and other attractive clubs

to keep their home attendance

up.

Stars dug up by the late

John McGraw were not out

and Bill Terry, the Giants'

president, was not out and

the Giants were not out.

Vitt is out in Cleveland

because he looked lost and

confused in a grand reunion

of the High School. Terry,

the Giants' president, was

not out and the Giants

were not out.

With the narrow, but well

earned victory, went the

1940 championship and

the title to oppose Edmonton

in the Provincial playoffs.

Stampermen are going into

the hard way, as they were

forced to come from behind

in the last three games,

after losing the first two.

Thornades assumed a five

point lead in the final game,

but in a 10-minute looking

for his "last ball" to win

a point found it in the cup.

# First Showing Today NEW 1941 CHEVROLET

*Eye It.. Try It.. And You'll Say It's*  
**"FIRST BECAUSE IT'S FINEST!"**

## ★ THRILLING NEW BIGNESS

(in all major dimensions)  
The new Chevrolet is SIZED up beyond all expectations, both inside and out—made so impressively BIG and beautiful in all ways that it marks a two-year advance in one.

## ★ DASHING NEW "ARISTO-STYLE" DESIGN

(with Concealed Running Boards on each door)  
Featuring a massive new "Canada Clipper" grille—sweeter, smoother, smarter lines—beautiful two-tone color combinations on all "Special De Luxe models"—and concealed running boards at each door, assuring easy, comfortable entrance and exit. \*Optional wheel covers.

## ★ LONGER, LARGER, WIDER

**FISHER BODIES** (with No-Draft Ventilation)  
With more foot-room, more shoulder room, more seating room—with wider windshield and increased driver vision—with more luxuries, comforts and conveniences than you've ever before found in any low-priced car.

## ★ DE LUXE KNEE-ACTION ON ALL MODELS

(Balanced Springs Front and Rear and Improved Shockless Steering)  
New harmonizing of the front and rear spring action, plus wider spread between rear springs, longer wheelbase, added weight and improved weight distribution, gives big car comfort, roadability and safety.

## ★ FAMOUS VALVE-IN-HEAD

**"VICTORY" ENGINE** For over 25 years, indeed, engines have led the field in performance with economy of gas and oil. Today's magnificent, powerful, time-tested Chevrolet Valve-in-Head Engine represents the peak of powerplant efficiency and economy.

It's a **SIZE** sensation . . . a **STYLE** sensation . . . a **DRIVE** and **RIDE** sensation ★ Bigger in all major dimensions both inside and out . . . with 3" longer wheelbase and "three-couple roominess" in all sedan models ★ With dashing new "Aristostyle" design and longer, larger, more luxurious Fisher Bodies that set the new style for the new year ★ With the powerful Valve-in-Head "Victory" Engine that lifts performance and lowers costs ★ It's the new leader by the builder of leaders . . . CHEVROLET . . . holder of first place in motor car sales for 9 out of the last 10 years!

*Again* **CHEVROLET'S the LEADER!**

## ★ NEW LONGER WHEELBASE

A full 3 inches have been added to the wheelbase—making Chevrolet for '41 even longer than the famous '40 model whose 181 inches from front of grille to rear of body made it "the longest of all lowest-priced cars."

## ★ ORIGINAL VACUUM-POWER

**SHIFT** AT NO EXTRA COST (Built as Only Chevrolet Buick II)  
80% automatic, requiring only 20% driver effort. . . Introduced by Chevrolet exclusively 3 model years ago—refined, developed, perfected to the point where it is now recognized as "the world's easiest gearshift."

## ★ SAFE-T-SPECIAL HYDRAULIC

**BRAKES** Designed to stop quicker with less driver effort—to be completely under driver control—to last longer—and, above all, to be truly equalized at all times. These are "SAFE-T-SPECIAL HYDRAULICS," giving you and your family maximum motoring security.

Plus many more outstanding comfort, safety and convenience features including All-Steel Syncro-Mesh Transmission • Chevrolet's Famous Tip-Toe-Matic Clutch • Sealed Beam Headlights with Separate Parking Lights • Stabilized Front End • Automatic Ride Stabilizer • High Quality, Clear-Vision Safety Glass • Hypoid Rear Axle • Exclusive Box-Glider Frame

**Bolstering British Defences In The Near East**

With German forces now in Romania, the situation in the Balkans is nearing the breaking point, and it is thought that Germany and Italy may make an attempt to break the British position in the Near East. British reinforcements are being sent to the Near East, and it is expected that the British position will be strengthened in the Near East.

The British and Japanese trade empires overlap in the white area. The effective ranges of their fleets, on which destiny of the Far East may ultimately rest, also overlap.

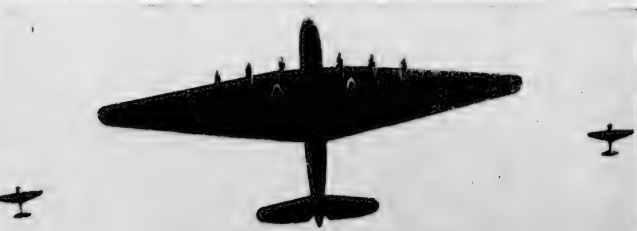

Two commercial empires have collided in the Far East—Britain and Japan. The United States (and the Far Eastern situation with growing danger. Britain's great naval base is situated within the oil routes west to Europe, India and Africa. Singapore is the pivot to Japanese expansion southward. Japan is in a hot spot. This is a line of great importance for the United Kingdom.

Japan is a rising power, a power that is not to be underestimated. Japan is a power that is not to be underestimated. Japan is a power that is not to be underestimated.
